

**PrInt PVE – Visiting Researcher from Abroad Scholarship – Call 08/2023 –  
Information for foreign researchers**

**University of São Paulo – PrInt/CAPES Program 2023**

The PrInt Program is an initiative led by USP and the Brazilian Federal Agency CAPES (<http://www.capes.gov.br/>) to foster the building, implementation and consolidation of strategic plans for the internationalization of top Brazilian research institutions. It aims to stimulate the formation of international research networks with special interest to:

- a) Improve the quality of academic production linked to postgraduate studies;
- b) Expand the internationalization policies to support the postgraduate programs;
- c) Promote the mobility of academic staff and PhD students; and
- d) Stimulate the transformation of institutions into an international academic environment.

USP PrInt Program is divided in five thematic areas that will range from 2019 to 2024. The main areas are:

1. Arts and Humanities – AAH
2. Earth and Space – EAS
3. Health and Disease – HAD
4. Technology – TEC
5. Translational Plant and Animals Sciences – TPAS

The funds are applied in different lines, all of them bound to yearly public calls specific to the eligible USP postgraduate programs (found [here](#)), divided by thematic areas. For 2023 (October-December 2023), the opportunity for international visitors to come to the University of São Paulo is as follows:

**Visiting Researcher from Abroad Scholarship**

**Details:** Experienced international researchers hosted by USP Graduate Program during 7 to 15 days for activities that promote international excellence within individual or joint graduate programs.

**Eligibility:** Visiting researchers must have a solid and outstanding scientific career. He/she shall have a formal connection with an international research institution and may not be currently living in Brazil. Application is submitted by the interested graduate program at USP.

Applications for October-December 2023 visits are open until May 15. Interested parties should get in touch with their peers at the University of São Paulo for instructions on how to proceed.
